ALPHA FILTRONICS
WATER TREATMENT

PUROTEC H_2O

FEATURES

- Fully on demand with gallon counter, flow meter, timer & micropro-cessor
- Only Regenerates when necessary
- Chlorine Resistant Resin
- Up-flow regeneration with soft water brining saving salt & water (most successful and proven method in the industry)
- Smart Averaging system (averaging water usage daily and adjusts the reserve capacity for your guests or extra water usage)
- One moving part (less chance of breakdown)
- High water flow
- Salt grid to avoid bridging
- Built-in diagnostic program
- 50% more salt & water efficiency
- Low energy consumption
- Humidity Controlled Jacket
- Manufacturer Warranty: Resin / Conditioner Tank / Salt Tank / Filters / Circuit Board

UNIQUE TRIPLE MEDIA TECHNOLOGY

Finally, the first and most unique system with triple media in the industry which is unmatched by any other system in the market today. Providing soft water as well as the highest quality drinking water throughout the house without the costly replacement of expensive filters, ensuring the most pleasant and safe water by reducing the slipper feeling of soft water.

- All filters are in compliance with California health and safety codes
- Inhibits the growth of bacteria and micro-organisms to safety level by reduction or removal

LIST OF CONTAMINANTS REMOVED	
Chromium 6	Chromate
Nitrate	Arsenate
Uranium	Sulfates
Bi-carbonate	Selenium
Fluoride	Chlorine
Taste / Odors	Perchlorate
Lead	Mercury
Iron	Hydrogen Sulfide
Heavy Metal	Copper
Algae	Fungi
Nickel	Calcium
Magnesium	Many More

NSF /ANSI 42/ WQA

All filters are certified by NSF/ANSI Standard 42 & WQA certification
